# General Forecast For The Year Of Ox 2009

The Chinese astrological animal, the Earth Ox, will rule the Year 2009. Ox will start its duty on the 10th day of the lunar 1st month of the Chinese Lunar Calendar (4th of February of the Western Calendar) at about 12.50 am. The day is also the beginning of Spring. That is to say, anyone who is born before 4th of February 2009 still belongs to the Rat Horoscope. However, traditionally people have been taking the 1st day of the lunar 1st month of the Chinese Lunar Calendar as the actual day of celebration for the traditional Chinese New Year, which falls on the 26th January 2009 of the Western Calendar.

- The Year 2009, Year Of Ox, will be a positive and more stable year.
- It is going to be a hot and dry year, with lesser rainfall compared to last year.
- Drought will occur in several countries, especially those located in the eastern hemisphere. As a result, it will cause significant damages to crops and plantations, causing food prices to go up.
- Second half of the year will see better harvest and abundance of crops.
- The world economy in the first quarter of 2009 will continue to be gloomy. It will pick up slowly with integrated effort from the government of various countries. Signs of economic recovery will only be eminent from the end of the fourth quarter.
- Unemployment will continue to rise. Countries situated in the western hemisphere, like Europe, will face unrest from its people. They have to be on their guards and be vigilant against terrorist elements.
- The economy of countries located in the northeastern region, like China, Japan and South Korea, will perform better than the rest of the world.
- Global warming will continue to worsen, causing freak and unprecedented weather conditions.
- Contagious diseases, like bird flu will continue to surface. One is advised to stay healthy and minimize traveling to affected countries during this period of time.
- In business, trades related to the elements of Metal and Earth will fare better.
- In stocks, share prices will continue to fluctuate widely. There will be an initial rebound of share prices in late April. It will fluctuate along the months ahead and prices soaring again in late November. Shares of companies, especially those related to the elements of Earth and Metal, are worth investing. Buy shares with long-term view. Do not speculate.
- Overall, the economic condition for the year 2009 is mixed but will fare slightly better than the year of the Rat.

# Pig Horoscope

猪

It will be an average year for those born in the year of Pig. You will have to work hard and put in effort to achieve recognition in your work place. If there is a chance for you to be posted abroad for work, it is advisable to grab it and not miss the opportunity. Your fortune this year will be very dependent on the effort you are prepared to put in to achieve your goals. Not much financial luck this year. Watch your expenses and do not spend unnecessarily. Save for rainy days and for your future. Do not speculate or gamble your money away. No major illnesses but do watch what you eat. Do not over indulge in eating. Stay healthy and do regular exercise to keep fit. Romance luck is average.
